

# PERFECT BASE

A One-Pour Monolithic Concrete Manhole

## Leakproof. Secure.

Monolithically-poured base & inverts provide a consistently leakproof concrete structure - a state-of-the-art solution to your project needs.

## Ready-Made Channel

With the PERFECT Base, flows are improved & blockages reduced. Saving time & money on line maintenance.

## PERFECT the Innovative Monolithically-Cast Manhole Base

- Superior Hydraulics
- Enhanced Durability
- Lower Maintenance
- Superior Strength
- Less Labor in Confined Space
- Less Field Work
- State of the Art Production
- Reduced Risk of Poor Invert Performance
- Prevents Deposit build-up
- Pipe Gaskets Cast in to Wall
- Additional Connections can be Booted

## Customized Invert/Bench Geometry For Optimal Hydraulics in Manhole

- Consistent:
  - Pipe Angles
  - Pipe Slopes
  - Invert Channel Curves
  - Benches
- Reinforcing per ASTM C478
- Built to Meet Jurisdiction Requirements
- Channel and Bench Poured Monolithically with Manhole Wall and Base
